

**PRESS RELEASE**

**Pre-Packed Food  
3-Panel & Bottom Labeling System**

This NEW innovative labeling system features a “bottom-mounted” pressure-sensitive label applicator and a split belt food-grade rubber belt conveyor. The innovative configuration allows operators to change to “bottom labeling” only with no change parts. This system is Ideal for labeling pre-packaged foods or shrink-wrapped products. To see this system in operation, visit [www.quadrel.com](http://www.quadrel.com) to view a detailed video.
