

NEW WEBSITE

Quadrel Labeling Systems, Mentor, Ohio, launches its new E-commerce website, www.quadrel.com, a complete solution center for labeling and shrink sleeving application needs. The site highlights the latest advancements in labeling equipment. Visitors can navigate and search by application or machine capabilities. Enhanced features include live chat, on line parts store, application videos, quotation requests and literature downloads.

The screenshot shows the Quadrel Labeling Systems website homepage. At the top, there is a navigation bar with the Quadrel logo, a phone number (440.602.4700), a search bar, and a chat button. Below the navigation bar, the main content area features a large image of a labeling machine with the text "Labeling Systems for every need and budget...". To the right of this text is a smaller image of a labeling machine. Below this, there is a section titled "APPLICATIONS" with the text "Let us Configure a Machine for You..." and a "More Info" button. At the bottom, there is a "PRODUCTS" section with three images of different labeling machines, each with a caption: "Economically Priced", "Technically Advanced", and "Extreme Duty".
